The Dwelling Place

HIS PRESENCE · HIS PEOPLE · HIS PURPOSE

Safe Church Commitment Statement

The Dwelling Place is committed to protecting the safety of all people who attend our church and take part in our programs, ministries and events.

We believe that all people are made in the image of God and regardless of age, gender, race, culture, disability and family/socio economic background, we all have equal rights to be protected and treated with dignity and respect.

As a church we are committed to providing a safe atmosphere where all people including children and the vulnerable are physically, emotionally, spiritually supported so that we as a community can thrive.

This commitment guides our decision making as we seek to identify areas of risk and implement strategies which aim to minimise and prevent as far as possible any risk to any persons in our congregation.

We have zero tolerance of any form of child abuse and we will do all in our power to keep all people in our congregation safe.

Our policy as a church has been developed to uphold these commitments of safeguarding and adhering to local and national legislation.

We are committed to implementing the Safe Church Policy Framework and to ongoing development as a safe church organisation.
